

APPENDIX 1

COMMON CORE WORLD LANGUAGES STANDARDS NORTH CAROLINA NOVICE LOW/MID PROFICIENCY LEVEL

Brief summary of the three strands:

Connections to Language & Literacy – CLL (Comparisons)

The world language being studied, referred to as the target language, helps students develop a greater understanding and insight into the nature of language and culture, including their native or first language. These comparisons, along with the three communication modes, blend together to focus students on language and literacy.

Connections to Other Disciplines-COD (Connections)

Studying a world language involves making connections with other academic disciplines, formally and informally. Within the communication skills, the language arts of reading, writing, speaking, and listening are utilized. As students learn about numbers and currency, mathematics and economics are included. All of social studies is part of culture, as are the arts, health, physical education, and science. Career and technical skills in these areas are also drawn on, and technology is woven throughout world languages as a resource for materials and a means of expression and presentation.

Communities – CMT (Communities)

Students preparing for success in the 21st Century need to access knowledge and information from other communities, and use that information to function well with people from diverse backgrounds.
